

Certificate of Analysis

Product Properties:

Product ID: AB00946-10.0 Anti-Neurofilament light MS-C2

Concentration: 1.0mg/ml Aliquot Size: 0.2 mg

Expiry date at frozen temperatures:-05 February 2024

Lot Number: **T1746B25**

Method of Sterilization: 0.22 µm Filter

Storage Buffer: PBS

Contains 0.02% Proclin 300 Yes/ ~~No~~

Low Endotoxin Manufacturing: Purity Yes/ ~~No~~

>98%: Yes/ ~~No~~

Product stable for at least 3 months at 4 °C. For longer periods of storage, store frozen.
Avoid repeated freeze-thaw cycles. Do not freeze HRP-conjugates.

Physical Inspection:

Inspection Date: 05 February

Colourless Appearance: PASS

Container Integrity: PASS

Container Suitability for Transport: PASS
